

# Credit and Debit Card Integration Now Available!

## MAXIMIZE YOUR DEEP END POINT-OF-SALE INVESTMENT WITH OUR INTEGRATED CREDIT CARD PROCESSING!

**Our newly integrated credit card processing feature allows you to enter credit card payments directly through your software program. With this unique addition, transactions will process through your internet connection or existing phone line for fast approvals. The steps to process a credit card payment are drastically reduced, allowing your employees to work more efficiently and effectively. While using our integrated software feature, you will reduce your costs of accepting electronic payments, and present a more professional image. Our integrated credit card processing is fast, reliable and secure!**

### BENEFITS FOR YOUR BUSINESS:

- Offer your customers a greater range of choices in making payments
- Improve your cash flow
- Increase sales through higher average tickets associated with credit cards
- Save counter space
- Simplify daily and monthly processes
- Minimize exposure to fraud loss
- PCI Compliant - protects you against fraud
- Supports all major credit cards, U.S. and Canadian debit

### BENEFITS FOR YOUR CUSTOMERS:

- Choose from multiple methods of payment
- Buy what they need without being limited by cash on hand
- Single receipt / statement

**Get started today! Our X-Charge team will show you how much you can save on processing fees with a FREE rate comparison. Get the most out of your Cardol Data Systems software, call your X-Charge specialist.**

Retire your old, bulky stand-alone credit card terminal for a simpler solution, and enjoy the benefits of integrated credit card processing.
